ABOUT US

Doctor Silver Ion promotes the importance of older adults' health care and wellness. Our ultimate goal is to keep all residents healthy and functioning at their highest level.

We are the manufacturer of **Dr. Silver ion Body Care** products which are designed for bedridden patients and intensive care patients. Due to the special formula, our products are effective against viruses, bacteria, fungi, and eczema.

MISSION AND VISION STATEMENT

Doctor Silver Ion began its academic research in 2004 with antiviral, antimicrobial, and antibacterial fabric technology. Research continued in 2014 at Istanbul Technical University's Textile Engineering Faculty and ITU Technopark (Technology Development Center), with the mission to develop innovative solutions by creating patentable technologies.

Hippocrates Changersla R&D and Nano Technologies Inc. has developed and produced product and brand groups, including Doctor silver ion-Silverionmask-Changersla, in the medical sector. These include healthcare products, surgical masks, and N99 category masks developed for doctors and athletes using antiviral textile fabrics.

Our vision is to develop innovative and technological products through R&D processes, incorporating international academic and laboratory research on ion and polymer technology to create patent-worthy products. We aim to establish international distributor and dealer networks, transforming our brands from a local startup focused on continuous innovation and technological product development into an international company within 3 years in 15 countries and within 5 years in 30 countries and regions.

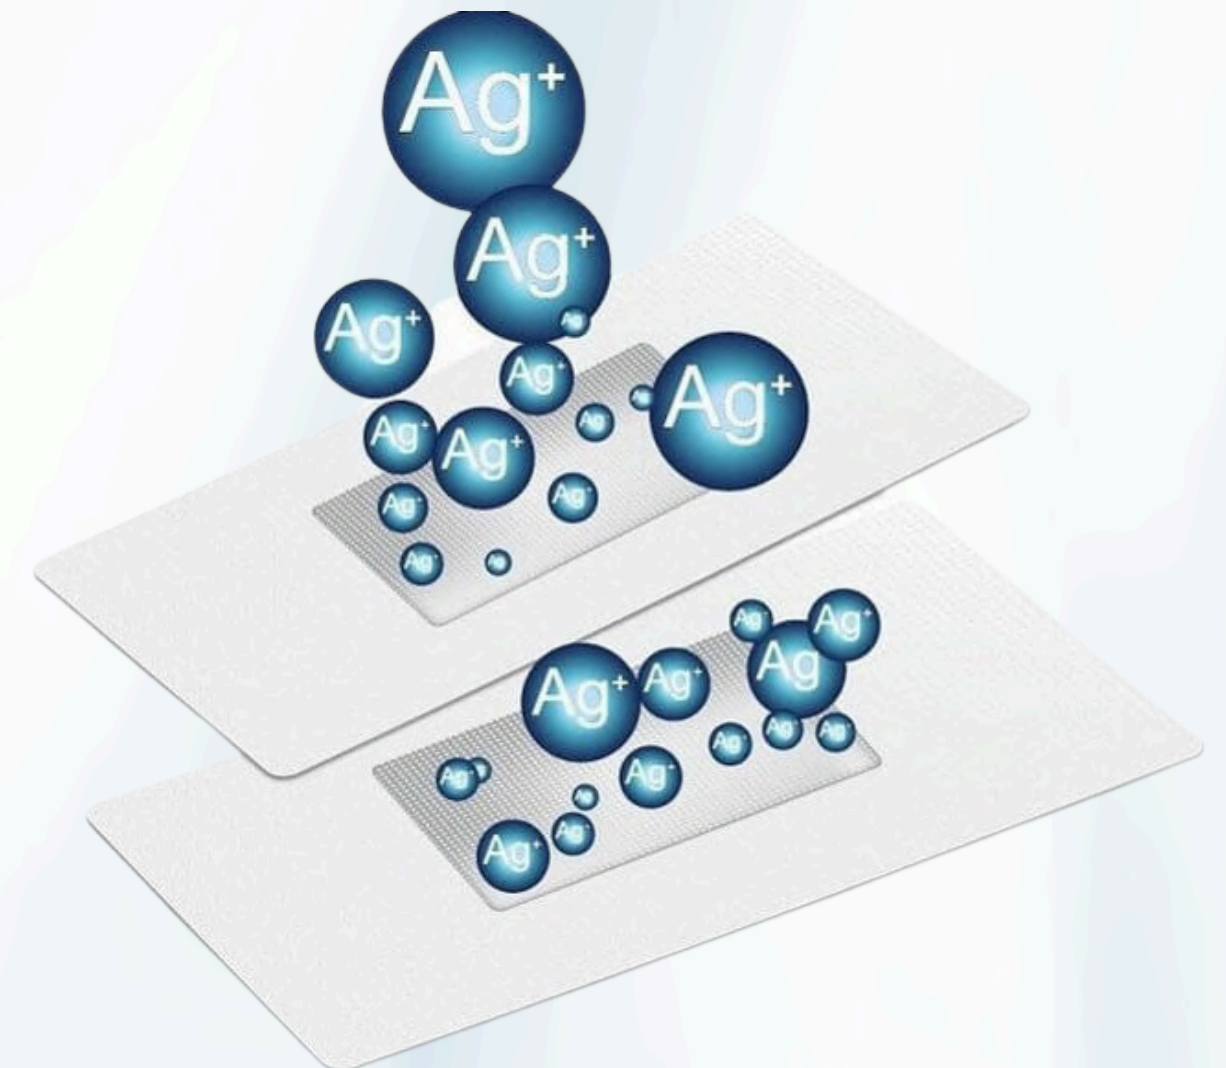

WHY US ?

We have meticulously analyzed all the formulations of the world's leading brands, and in the process, we have gained a better understanding of the human predicament. We have found that most formulations are limited to the ability to moisturize the skin. However, we have taken a more comprehensive approach.

We have **developed 5in1 technology**, which combines five different functions that five different products can offer in a **single product**.

Thanks to this technology, we have created a product that can not only increase the moisture of the skin, but also meet different needs such as nourishment, renewal, protection, and repair.

Thus, we help people manage their daily skincare routine in a more practical and effective way.

DOCTOR SILVER ION

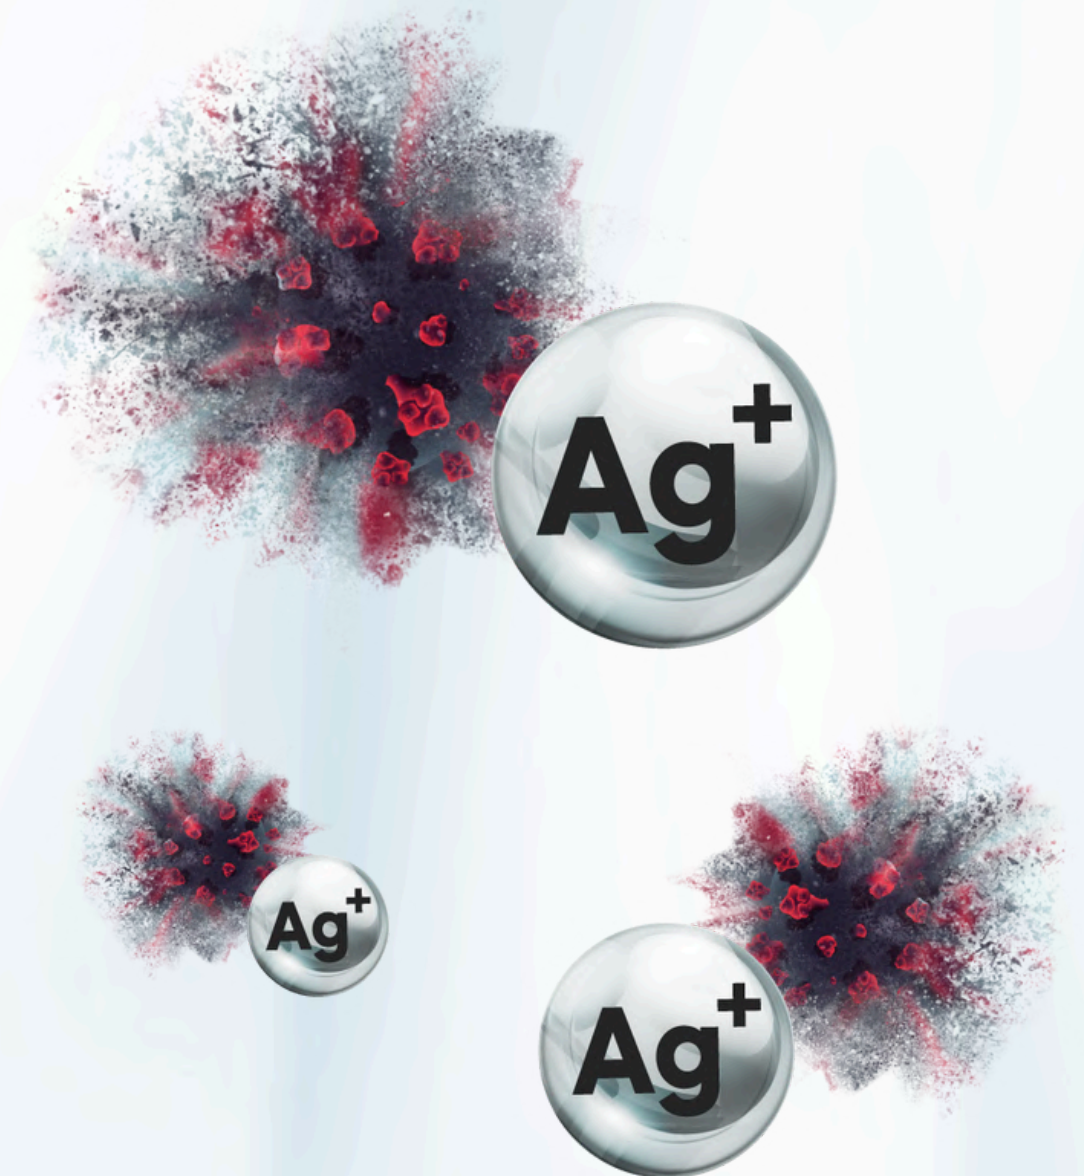

WHAT IS IT DESIGNED FOR ?

Doctor Silver Ion claims to offer a comprehensive range of wound care, not only for existing wounds but also by proactively preventing the formation of wounds. This specialty product combines preventive and healing properties, addressing skin health maintenance and healing in the broadest sense. It offers both effective support for existing skin conditions and is designed to prevent future skin conditions in advance.

Doctor Silver Ion contains silver ion technology;

Skin diseases such as **acne, eczema, and psoriasis** aim to provide an effective solution to the origin of problems usually related to inflammation and infections.

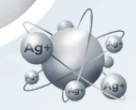

By limiting the ability of microorganisms to reproduce and reducing the risk of infection, it accelerates the healing processes of the skin. It also helps to reduce inflammation and redness on the skin.

ANTI-BACTERIAL BODY CLEANING TOWEL

A Revolutionary Cleaning Cloth for the Bedridden Patient!

Standard wet wipes are now behind the times! Doctor Silver Ion is a body cleaning cloth and towel specially designed for bedridden patients. Thanks to its unique formula, it not only cleans but also offers protection, moisturizing, and restorative properties. Here are the prominent benefits of Doctor Silver ion, developed with 1 in 5 technology.

PRODUCT DETAILS

- Package contents: 12 pcs.
- The product size in the package is 20x30 cm.
- The Silver Ion and Bio Polymer Chitin formula accelerates wound healing.
- contains pure water enriched with ozone. It does not contain alcohol and parabens.
- does not include SLS or SLES.
- Prevents the formation of diaper rash and redness.
- allows the skin to maintain its natural moisture with aloe vera and vitamins.
- prevents the skin from drying out, softens and moisturizes naturally.
- With the anti-inflammatory effect of papaya extract, it helps to quickly heal existing inflammation.

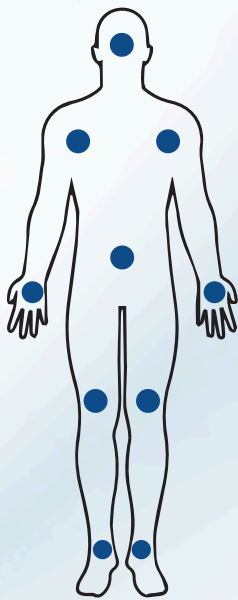

1. It reduces the risk of infection thanks to its anti-bacterial properties.
2. It provides effective protection against viruses with its antiviral effect.
3. It prevents fungal infections with its anti-fungal feature.
4. With its anti-eczema feature, it alleviates the symptoms of eczema on the skin.
5. Thanks to its reparative properties, it renews and heals the skin.

ANTI-BACTERIAL SHAMPOO CAP

A HAIR CAP THAT DOES NOT REQUIRE WASHING AND RINSING !!

Are you ready to meet a product that will make your life more comfortable and enjoyable?

It is used to clean hair and remove dead cells without using water with patented Doctorsilverion technology.

It is used in cases where the hair and head area cannot be washed and cleaned with water.

It is made of a special waterproof fabric.

It can be attached to the head with its special latex-free rubber and completely grip the hair.

It does not cause skin irritation because it does not contain latex.

Thanks to the special composition on the inner layer,

daily hair cleaning and care can be carried out with an enriched solution impregnated with a non-woven fabric with high absorbency.

It does not require rinsing and drying afterward.

Thanks to its liquid-proof outer layer, it prevents liquid from contacting the outer surface.

PRODUCT DETAILS

- Package content: 1 piece.
- prevents the formation of dandruff, eczema, on the scalp. It will cure.
- contains pure water enriched with ozone. It does not contain alcohol and parabens.
- does not include SLS or SLES.
- Prevents the formation of rash and redness.
- It allows the skin to maintain its natural moisture with aloe vera and vitamins.
- It prevents the skin from drying out, softens and moisturizes naturally.
- With the anti-inflammatory effect of papaya extract, it helps to quickly heal existing inflammation.

ION LIQUID BARRIER

Our products also have an Alcoholic or Non-Alcoholic option !!!!

Ion Liquid Barrier is a powerful antiviral and antibacterial disinfectant developed with silver ion and biopolymer chitin technology. Silver ions are an effective antimicrobial agent against bacteria and viruses. Nano-sized silver ions disrupt the membranes of microorganisms, causing their death.

Biopolymer chitin creates a protective barrier on the skin. In this way, it increases the skin's resistance to bacteria and viruses. Thanks to the combination of these two powerful ingredients, the Ion Liquid Barrier provides effective protection against a wide range of microorganisms.

Ion Liquid Barrier offers the following benefits:

Provides 99.99% protection against viruses and bacteria. It maintains the pH balance of the skin. It does not irritate with its skin-friendly formula. Provides protection for up to 3 hours.

It provides freshness with organic aromas. Alcohol one contains %80 Alcohol,

*** **Alcohol-free Ion Liquid Barrier one is odorless and colorless.**

Usage:

Ion Liquid Barrier is an ideal product for daily use.

It can be used safely in areas such as home, office, vehicle, and public transportation.

Warnings: Avoid contact with eyes. Do not swallow. Do not use damaged or spoiled products.

Storage conditions:

Store in a cool and dry place. Keep out of reach of children.

PRODUCT DETAILS

- The dimensions of our products are 50,100,1000 ml.
- The product is a TSE approved product.
- AG Bio Polymer is manufactured using nanoparticle technology.
- It has a feature that destroys viruses within the first 3 hours.
- It has received the highest rate in measurements made in accredited laboratories around the world.
- It provides complete protection against viruses and bacteria.
- The cologne rating is 80 degrees, it is recommended to store it in a cool place.
- The product contains ethyl alcohol, alcohol, silver ion, Nano particle chitin, Bio polymer chitin nanoparticle and organic lemon essence.

CLEANLINESS REDEFINED !

Inpatient & Wound Care Products

Elderly care and products for bedridden patients are specialized products designed to meet the comfort and needs of elderly individuals and those with restricted mobility.

Anti-Bacterial Masks

Antibacterial masks are one of the most commonly used face masks today. These masks offer both the general protective features of standard face masks and additional antibacterial properties.

Body Cleansing Products

Body cleansing wipes have become an important part of daily hygiene routines. Thanks to their ease of use and portability, these wipes are an ideal option for travelers or those on the move.

Cologne & Disinfectant

Cologne and disinfectants can be easily used anywhere due to their practicality and portable size. As the importance of hygiene has increased in today's world, cologne and disinfectants have gained even more significance in our lives.

WHAT OUR PRODUCTS ARE GOOD FOR

Eczema

In addition to their process of rash healing, these products are equally adept at addressing the challenges of eczema. Combining silver ion, biopolymer chitin, and aloe vera offers a holistic solution to alleviate the discomfort and irritation associated with eczema, nurturing the skin back to health.

Rash

Harnessing the remarkable properties of silver ion, biopolymer chitin, and the soothing essence of aloe vera, our products work synergistically to provide effective healing and relief for rashes, promoting skin rejuvenation, and comfort.

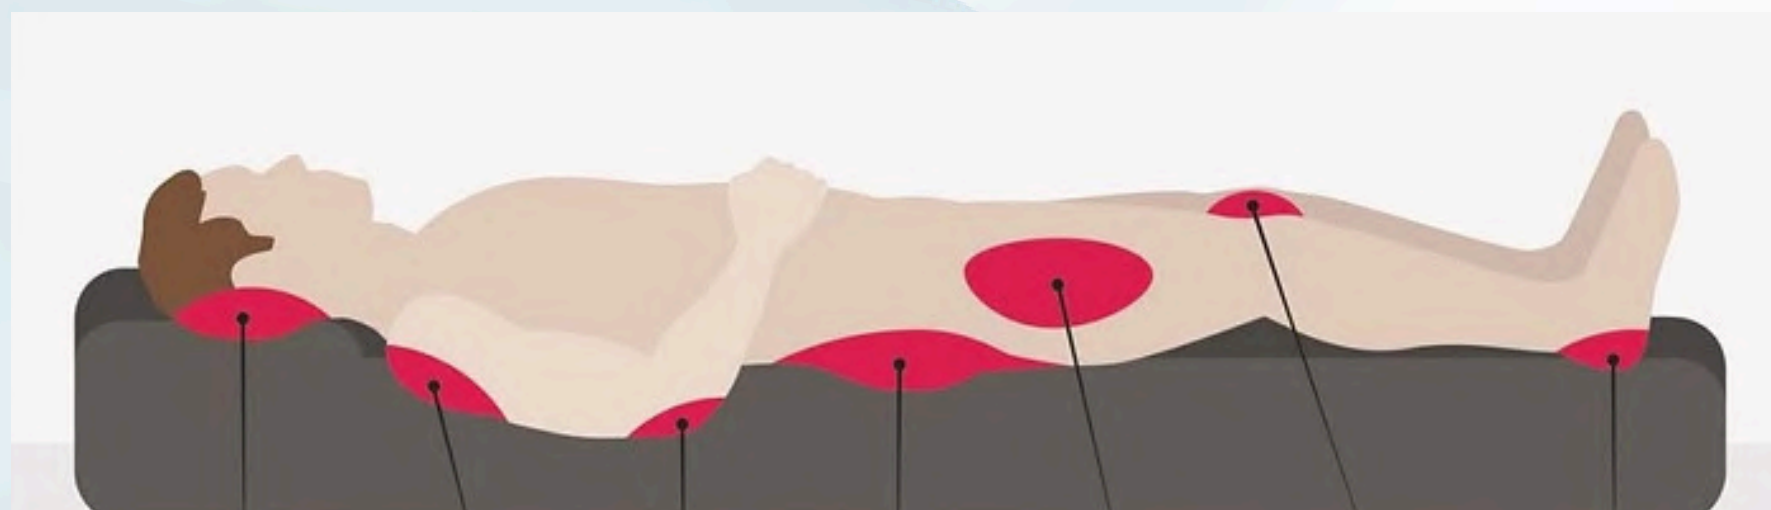

Psoriasis

For those dealing with the persistent and often vexing condition of psoriasis, our products offer a tailored approach to healing. With the therapeutic qualities of silver ion, biopolymer chitin, and aloe vera, they target psoriasis-related issues, providing relief from itching, redness, and scaling, while aiding in the overall management of this skin condition.

WHAT OUR PRODUCTS ARE GOOD FOR

Pressure Wound Areas in the Human Body

Bed sores (also known as pressure sores or ulcers) occur as a result of damage to the skin and underlying tissues in individuals who remain immobile or under pressure for extended periods. These wounds typically develop in areas where bony prominences or areas with intense body weight bearing are present. Factors such as inadequate circulation, friction, and exposure to moisture can also contribute to the formation of bed sores.

BATH CARE IN BED

Simple Interventions, Extraordinary Results...

DOCTOR SILVERION DESIGNED ESPECIALLY FOR INDIVIDUALS WHO CANNOT MEET THEIR BODY CARE NEEDS IN NORMAL WAYS, THE BED CARE SERIES PRODUCTS ARE EASY TO USE, PREVENT THE RISK OF CONTAMINATION, AND HAVE THE ETHICS OF CLEANING, CARE, AND PROTECTION.

Soap-like products used in traditional washing methods lower the pH of the skin, causing the skin to dry out and dry skin to start cracking after a certain period of time. Cracks caused by extremely basic substances on the skin become open to all risks of infection. But Doctorsilverion does not harm the skin of your loved ones, on the contrary, it treats while cleaning. With regular use, your skin starts the day with a renewed feeling and your wounds begin to scab. You will say hello to a healthy life.

WHERE CAN YOU USE OUR PRODUCTS ?

It is suitable for use by elderly people, disabled people (bedridden patients), surgical patients, children, and babies.

Hospitals

Intensive Care Units, Palliative Care Clinics.

Intensive Care Units

Alzheimer's care homes, home care services, nursing homes.

At Houses

Personal Care, Bedridden.

Long Flights, Outdoor Adventures, Workout, Playtime

Can be used for individual bodies.

WHAT DO OUR PRODUCT CONTAIN ?

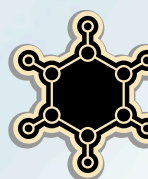

- **Silver Ion** provides effective protection against germs and maintains pH balance.

- **St. John's wort oil** is a natural ant-inflammatory ingredient that helps heal skin wounds.

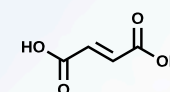

- **Zinc** is a mineral that helps repair the skin and also strengthens the skin's immunity.

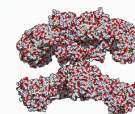

- **Biopolymer Chitin** helps to maintain the skin's moisture balance and improves skin elasticity, helping to reactivate and revitalize cells.

- **Aloe Vera** is a plant with anti-inflammatory and antibacterial properties that help heal skin wounds.

- **Fumaric Acid** is an ingredient with antioxidant properties and helps repair the skin.

- **Cetyl Palmitate** helps to make the skin soft and smooth.

- **Vitamin E** helps maintain the skin's moisture balance and prevents skin aging thanks to its antioxidant properties.
